EXPERIENCE   1+ YEARS

Web Application Developer   DEC 2023 – MAR 2024
MicroGenesis CADSoft Private Limited   BANGALORE, INDIA

Redesigned the company website to enhance user experience and incorporate modern design trends. Participated in the **Autodesk Platform Services** (APS) workshop and successfully implemented APS features into the company application.

Associate Application Developer   FEB 2023 – NOV 2023
MicroGenesis Learning Private Limited   BANGALORE, INDIA

Contributed to a learning platform application focused on user **training**, **SOP management**, **access control** and bug fixes in frontline operations. Enhanced **Partner Web Services** (PWS) with intuitive dashboards for client license management and activity tracking.

INTERNSHIP

Software Development Intern   APR 2022 – SEP 2022
NearLaw.com   MUMBAI, INDIA

Worked on enhancing the visualization engine for case citations, highlighting key cases to improve accessibility. Utilized the **MEAN Stack** for software development and resolved various bugs to ensure smoother usability.

EDUCATION

B-Tech in Computer Science and Engineering (CGPA: 8.30)   JUN 2018 – JLY 2022
Rajiv Gandhi College of Engineering, Research & Technology, Chandrapur

I have pursued my B-Tech degree with a focus on software development, algorithms and system architecture, building a strong foundation in modern computing technologies.
